

## Why you should enroll now:

Through affordable payroll deductions, enrollment in Cancer Guardian can help you prevent and manage cancer more effectively.

The Cancer Guardian program includes these valuable features and benefits:

### SUPPORT

#### 1 **Cancer Information Line** Day 1 Benefit

A member support line staffed by oncology experts who provide guidance for any cancer related topic.

#### 2 **Medical Records Platform** Day 1 Benefit

A cloud-based platform where members can consolidate their medical records and images for simplified viewing and secure sharing.

#### 3 **Cancer Support Specialist**

Following a cancer diagnosis, a Cancer Support Specialist will be assigned to provide dedicated support throughout the cancer journey.

Additionally, Cancer Guardian provides:

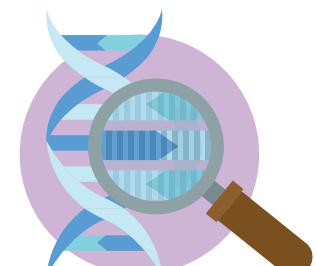

- Expert Pathology Review
- On-Site Nurse Advocate (one visit)

### DNA TESTING

#### 1 **Preventive: Hereditary Risk Screening Test** Day 1 Benefit

Using a simple saliva sample, this testing evaluates DNA to determine if a member may be at a higher risk for developing cancer, due to a hereditary mutation.

#### 2 **Post Diagnosis: Advanced DNA Testing of the Cancer**

Following a cancer diagnosis, members have access to Advanced DNA Testing of their cancer, which can help identify the most effective treatment options available.

### NAVIGATION

Members who have been diagnosed with cancer will receive access to expert Navigation Services.

#### 1 **Clinical Trial Explorer**

The Explorer program uses AI technology and experienced research oncologists to identify clinical trials the member is eligible for.

#### 2 **Financial Navigation Report**

The Financial Navigation solution draws from a rich ecosystem of over \$4 billion of public and private funds to identify financial aid and subsidies the member may qualify for.

***These services are not typically made available or covered by health plans.***

## PROGRAM PRICING

(Monthly Pricing)

**Family Follow-Up Testing:** A family follow-up testing program is offered to first degree blood relatives of members who have a positive result on their hereditary genetic test. This lab testing is free and must be ordered by a physician. The associated costs of medical services for relatives to acquire the test are not covered by Cancer Guardian.

After your program effective date, you will receive a **Welcome Email** with links and instructions to access your program services.
