

Westchester Medical Center

Specialty Pharmacy

Westchester Medical Center Health Network

Our pharmacy puts members and clinical care first.

At Westchester Medical Center Specialty Pharmacy, we're focused on one thing: your care. While many pharmacies serve as all-purpose stores, we're dedicated entirely to the safe, thoughtful delivery of your medications. Every prescription we fill is part of a larger care plan that we coordinate closely with your providers to support. Because when your treatment is complex or ongoing, you deserve a pharmacy that sees the whole picture, not just a product on a shelf.

Westchester Medical Center Specialty Pharmacy.

Your Partner in Care.

When you need specialty medicine, you need more than a pharmacy. You need a team that works with your doctors and supports you at every step. That's what we do.

We are part of Westchester Medical Center Health Network. Our goal is simple: safe, clear, and personal care.

How We're Different.

We put you first.

Connected Care: Our pharmacists work with your doctors. We track side effects, check your progress, and help you stay on plan.

Help With Costs: We handle insurance forms and approvals. We also look for programs that may lower your cost.

Step-by-Step Guidance: We offer training, reviews, and one-on-one talks so you feel confident with your medicine.

Easy Delivery: We set up free home delivery and refills ahead of time.

Why Choose Us?

Your treatment deserves care that is fast, smooth, and supportive. Because we are in the same system as your doctors, everything works better together.

Getting started is easy. Ask your WMC provider to send your prescription to Westchester Medical Center Specialty Pharmacy. Whether you are already a **WMCHealth** patient or new to us, we are here to help each dose do more.
